## Welcome to Stockholm!

On behalf of the European Society for Emergency Medicine (EuSEM), the European Federation of national societies of Emergency Medicine and the Swedish Society for Emergency Medicine (SweSEM), we welcome you to the 2010 EuSEM Congress in Stockholm, Sweden.

This congress is targeting all those confronted with the multifaceted nature of Emergency Medicine; those engaged in pre-hospital, in-hospital or inter-hospital emergency medical care and disaster planning; and those involved with the training of emergency physicians, nurses and technicians.

Current advances in Emergency Medicine all over Europe provide an exciting discussion platform for the congress. Many of the delegates hold leading positions in health care administration, pre-hospital care and various scientific organisations in addition to their responsibilities in hospital Emergency Departments. They share a mutual interest in the promotion of clinical practice and science in the field of Emergency Medicine.

We very much welcome you to EuSEM in Stockholm 2010!

Gunnar Öhlén  
EuSEM President
